

Hello, my name is Jamey Eaton & I own a business called WoodWorx. We build custom Model A & AA tool display boxes. With our builds you have many stain choices & can choose red or green felt for the interior. A quilted slip cover is also included with every order to protect your box when not in use.

Cost for our Model A box is \$275 plus shipping

Cost for our Model AA box is \$315 plus shipping

Customers also have the opportunity to create a "one of a kind" box as well if they choose, price may vary

I would greatly appreciate you spreading our contact information out to your club's members & please feel free to contact me if you have any questions. Thank you
